Additional Graduate Work Directed at Texas Tech University

ESS 7000 – Research

Since 2001, I have directed 50 graduate students in research projects. Four of the projects resulted in publications in peer-reviewed journals and eight have been selected as poster presentations at national conferences.

Developed a program in which graduate students created a demographic database of over 11,000 season ticket holders for the Texas Tech athletic department in Spring 2007.

ESS 5003 – Internship

Since 2001, I have overseen 86 internships in which relationships were established with the Ladies Professional Golf Association (LPGA), Byron Nelson EDS PGA Championship, Texas Motor Speedway, Navy MWR, Houston Astros, National Women's Basketball Coaches Association, Winston-Salem (NC) Warhogs, United States Olympic Center (Colorado Springs), Dallas Stars, Albuquerque Isotopes, Nashville Sports Authority, Rice University Athletic Department, University of Texas (Austin) and Texas Tech Athletic Department among others.

Through these associations we have been able to bring in internship onsite coordinators from the Byron Nelson Classic, Texas Tech University Athletic department as well as others to speak to graduate students about internship opportunities.

Research

Area of Research Interest and Research in Progress

My primary research interests include: a) legal issues in sport and recreation risk management; b) sport marketing and promotion affecting consumer behavior in sports; c) issues dealing with sport management pedagogy, and d) issues in student internships.
