<td>The specific components (variables) of NLNAC Standards, program outcomes, and student learning outcomes</td>
<td>A minimum level of achievement that the School of Nursing Programs (ASN, BSN, MSN, and DNP) set to use as a measurable index that reflects a desired outcome related to NLNAC Standards, program outcomes, and student learning outcomes</td>
<td>Identifies when or how often the NLNAC Standards, program outcomes, and student learning outcomes are evaluated.</td>
<td>Identifies the methods (instruments and tools as needed) that the School of Nursing uses to measure and describe NLNAC Standards, program outcomes, and student learning outcomes. These data collection methods provide data for the analyses.</td>
<td>The results state the findings of data analyses and actual level of achievement related to the NLNAC Standards, program outcomes, and student learning outcomes. These data are used in decision making for program improvement through development, maintenance, or revisions. Data are separated by program, then aggregated and trended. Data analysis methods vary.</td>
<td>Documents the decision making regarding strategies for development, maintenance, and/or revisions of all program components related to NLNAC Standards, program outcomes, and student learning outcomes to address areas needing improvement in order to maintain program achievements.</td>
</tr>
</tbody>
</table>
TROY School of Nursing Evaluation Plan

NLNAC Standard 1: Mission and Administrative Capacity: The nursing education unit’s mission reflects the governing organizations’ core values and is congruent with its strategic goals and objectives. The governing organization and program have administrative capacity resulting in effective delivery of the nursing program and achievement of identified outcomes.
