Please register in advance for this program. We are only taking the first 50 people who register.

A letter of approval to attend will be given to the first 50 people who register. These people must send the fee payment in by May 31, 2013. No payment is needed until you have been notified that you have been accepted. If you do not submit the fee payment in by May 31, 2013, you will not be able to attend. The next person in line will be asked to submit a payment. So, if you are not one of the first 50, you may still have a chance to attend.

Have you ever wanted to be part of CSI? Now you can!

Troy University College of Arts and Sciences in conjunction with the Dothan Police Department and the Houston County Sheriff’s Office will sponsor the second annual Troy University Forensic Science Summer Program on the Dothan Campus. This program is open to all Houston County and Dothan City high school students.

The program will feature five days of crime scene investigation.

Students will receive hands on training in the sciences behind crime scene investigation. Learn what the experts do to solve murder investigations with forensic chemistry, forensic biology, fingerprinting and the use of dogs in finding evidence. Within all of this hands on training, students will view state of the art crime scene investigation equipment that Dothan and Houston County have to offer.

The cost for the five day event is $350. The fee includes all supplies, lunch and snacks for five days, and a program shirt. You must provide your own travel to the Troy University Dothan Campus. Please register in advance for the class. Only the first fifty students will be accepted.
