January 1, 2013

Yes

Robertson, Ben

January 1, 2012

Yes

Motion was made by Greg Skaggs to approve the above listed sabbatical requests.
Second was made by Pat Rossi. Motion was approved.

Hal Fulmer informed the committee that many stylistic changes had been made to website. There were also policy changes made to the Research Grant and Summer Research Grant forms. The FDC can no longer split these grants into two payments. An account will be set up for the grantee and payments will be made from this account. A name change was also done for the Page Charge and Reprint Grant. Digital technology has made great strides in allowing faculty to purchase copies from the internet; therefore the committee no longer needs to aid faculty with the purchase of extra copies of publications. The Reprint part of the grant has been removed.

It has been brought to the attention of the committee that there are many full-time doing great research. Hal asked the committee to review the policy of only tenured & tenure-track faculty applying for grants.

Meeting was adjourned at 4:25 p.m.
