Dr. Fulmer made a motion to review the Paper Presentation (Travel) Grants as a whole and to discuss any questions about the grants. The committee agreed and there was a discussion. After all of the questions and comments Dr. Fulmer made a motion to approve the grants that the committee agreed on and he was to check on two grants (\*) that had questions and then the committee as a whole agreed so the motion was approved. There were 3 grants (M. Dixon, Chavez, & Kim) and one was a fall grant (Holladay - that was already reimbursed) that were not discussed in the meeting because they were not on the spread sheet. Dr. Fulmer will review with their Deans to determine if they meet criteria and will be funded.

### **Instructional Improvement (IIG)**

<b>Name</b>	<b>Amount</b>	<b>Approved</b>	<b>Items needed</b>
Elizabeth Blum	\$1,000.00	Yes	None
Michael Huff	\$2,000.00	Yes	None

Dr. Fulmer made a motion to move on to the Instructional Improvement grants and asked if there had questions. Blum was approved, but Carroll and Huff had questions. Carroll was about an ipad and technology that did not meet criteria and Huff was about Trumpet mouthpieces and did not meet criteria. Dr. Fulmer was to check with their deans about their colleges funding them. He asked if everyone was in favor of funding Blum and holding the other two and committee agreed and the motion was passed.

### Page Charge

Name	Amount	Approved	Items needed
Chung Baek	\$135.00	Yes	None
Wade Forehand	\$400.00	Yes	None
JeeHae Lee	\$400.00	Yes	None

A motion was made by Dr. Fulmer to approve the above listed grant requests because they were just publication charges and the committee agreed and all grants were approved.

### Research Grant

Name	Amount	Approved	Items needed
Anthony Dixon	\$3000.00	Yes	None
Sara Kosiba	\$3,000.00	Yes	None
Ben Robertson	\$1,900.00	Yes	None
Robert Saunders	\$ 950.00	Yes	None

A motion was made by Dr. Fulmer to discuss the research grants. The committee discussed the grants and after all of the discussion the committee agreed to approve all grants except for Dixon, because of the nature of his trip. There were questions as to why he was making the trip and why the FDC should fund him. Dr. Fulmer was going to talk to his dean about other possible funding for him. Kosiba and Saunders were submitted as Summer Research but were better suited for Research grants and were moved to Research grants and the committee decided to fund their grants.

### Summer Research Grant

Name	Amount	Approved	Items needed
*Win Koo	\$3,000.00	No	On hold – No IRB Approval
Shaoyang Liu	\$3,000.00	Yes	None
Wayne Morris	\$3,000.00	Yes	None
Joong-Wook Park	\$3,000.00	Yes	None
Xiaoli Su	\$3,000.00	Yes	None
Zhiyong Wang	\$3,000.00	Yes	None

Dr. Fulmer asked for a discussion on Colley's grant requests and after discussion with the committee her grants were denied because she wanted money to travel to do research for a future grant and they didn't fit the criteria for a summer research grant. Koo was another grant that had questions, he did not get the IRB approval and therefore didn't qualify for the grant, as IRB approval is needed before the grant is awarded. There were no other questions about the remaining grants and Dr. Fulmer made a motion to approve the other grants and the committee approved.

### Additional Comments/Follow-up

Dr. Fulmer asked for volunteers to be on a review committee to work as a group to clean up the language, review the expectations from the grants and to clarify what could be funded in each grant. He asked the committee to email him if they would be interested in being on the committee. The review committee would try and meet over the summer so that the new changes could be in place before the Spring 2016 submissions deadline in February. The committee thought that would be a good idea and some said they would email him about joining the committee.

There was no further discussion and the meeting was adjourned at 5:05 p.m.
