3. Proposal for clarification to Graduate Catalog concerning foundation courses.
   Dr. Merkel presented the SCOB’s proposal for clarification to the Graduate Catalog concerning foundation courses. He advised that a phrase exists in the current graduate catalog that many students have tried to vigorously pursue in order to avoid the 5500 foundation classes when holding a non-business undergraduate degree, a business degree earned from a non-AACSB or ACBSP accredited school or business degree earned more than eight years ago. The phrase is “…then unless specifically waived by the MBA program director based upon relevancy of professional business experience subsequent to the award of the four-year business degree…” and is contained in the MBA section, item 2, page 44, lines 4-7; in the MSHRM degree, page 48, item 2, lines 4-7; in the MSM degree, page 50, item 2, lines 4-7; and in the MTx degree, page 53, item 2, lines 4-7. The SCOB’s Graduate Committee has proposed removing this phrase from the graduate catalog in order to preclude future misunderstanding on the part of students who are lacking the undergraduate degree in a business area earned from an AACSB or ACBSP accredited institution within the last eight years but are convinced that they are the exception to the rule on the 5500-level classes based on business or military experience. Following a short discussion, Dr. Magrath motioned to approve the proposal. Dr. Oliver seconded the request. Motion was approved.

This change effects ONLY the Social Services Counseling Program. The social services track requires a 100-hour practicum

Experiences are accompanied by regularly scheduled, weekly on campus group supervision designed to provide opportunity for analysis and evaluation of supervised activity. Grading system is Pass/Fail.
