SOCIAL WORK PROGRAM

Specialized General Studies Requirements

Students will complete the general studies requirements as outlined in the general studies section of this catalog with the following exception. In AREA II take COM 2241 and any 1000-2000 level Literature Series (6 hours); and, in Area IV take a History Series (6 hours). The following general studies courses are required for social work majors: ANT 2200, ECO 2251, POL 2241, PSY 2200, SOC 2275, and PSY 3304. Courses with similar course content in General Studies may be considered for substitution by the department chair.

Admission to the professional social work curriculum

Students must be admitted to the professional social work curriculum in order to enroll in advanced social work courses, beginning with SWK 3390. Students are encouraged to declare social work as a major during the freshman or sophomore year in order to ensure that they will meet the requirements for admission in a timely manner. Otherwise, the student may be out of sequence in meeting program requirements. Admission to the professional social work curriculum is usually accomplished during the first semester of the junior year concurrent with enrollment in SWK 2250, which precedes enrollment in SWK 3390 the following semester. To be eligible to apply for admission, each social work major must (1) have a minimum GPA of ~~2.25~~ **2.5** (on a 4 point scale) in all college courses attempted and have completed a minimum of 30 semester hours, and (2) have completed ENG 1101 and 1102 or ENG 1103 and 1104; COM 2241 or 2243; HS 2240, 3310 and 3370; and SWK 2250 and 2280 (or be currently enrolled) with a grade of C or better. Procedures for applying for admission to the professional social work curriculum may be

obtained from the Department of Social Work. Students completing all but 3-6 hours of general studies courses will have the best opportunity of being unconditionally accepted into the program. Students with more than 6 hours may have a delayed acceptance or conditional admission.

Progression in Social Work

- a. Students are required to make a grade of C or better in each of the required departmental core and professional curriculum courses (all HS, RHB, and SWK prefixed courses.)
- b. Students may repeat only one 3000-4000 level departmental course; thereafter, a D or F in any 3000-4000 level departmental required course will result in automatic dismissal from the social work program.
- c. A student remains in good standing by maintaining, at a minimum, a ~~2.0~~ 2.5 GPA in all course work taken and a ~~2.0~~ 2.5-GPA in all required departmental and professional courses.

Motion was made by John Jinright to approve the required GPA change.

Second was made by Huijun Yi.

- Information Items:**
