2. Addition of Prerequisite for QM 2241 Business Statistics and Data Analytics.

QM 2241 Business Statistics and Data Analytics (3)

An introduction to statistics and data analytics in business that supports business decisions and the solution to business problems utilizing descriptive and inferential statistical concepts and methods. Topics include grouping of data, measures of central tendency and dispersion, probability concepts, sampling, statistical estimation, and statistical hypothesis testing.

Prerequisite: MTH 1112, and IS 2241.

Shellye Vardaman had the concern that there are other majors that utilize that course as a general studies option for statistics and do not require IS 2241. Community colleges teach Business Statistics that transfers in as QM 2241. They do not require Computer Concepts as a pre-requisite for statistics.

Dr. Findley offered that only business majors take IS 3310. This has a higher level excel. So they must have IS 2241 first.
