Students applying for the Internship Program must investigate and propose an appropriate criminal justice agency at which their Internship will be performed. Participation in the Internship program is not guaranteed; interested students must submit an application, as detailed herein, in order to be considered for the program. The Internship Coordinator will evaluate the student-applicant and the proposed internship agency to assure that the expectations and goals of the Internship experience will be met.

The attached form (“Criminal Justice Internship Approval Request”) must be completed and submitted by each applicant for the Internship program. It is the responsibility of each applicant to provide a proposed schedule for Internship work and to describe the duties required for the position requested. Throughout the semester in which the student participates in the Internship program the student must perform the duties required by the internship agency and report at all scheduled times.
